

Digital infrastructure for Language Data in Switzerland: current state and perspectives

Monday, June 23, 2025

Università della Svizzera italiana, Black building, West Campus, Via Buffi 13, 6900 Lugano
(no. 2 on this map: <https://www.desk.usi.ch/en/lugano-campus-map-access-facilities>)

10.30-11.00	Welcome Coffee		USI Mensa
11.00-11.15	Introduction		SI003
	Infrastructure for language data in different paradigms within Linguistics and beyond		
11.15-11.45	Noah Bubenhofer (University of Zurich)	Diverse Language Data, Different Research Paradigms: Challenges for Corpus Infrastructure	SI003
11.45-12.15	Julia Krasselt (ZHAW)	An Applied Linguistics Perspective on Corpus Linguistics and Infrastructure Development	
12.15-12.45	Andrea Rocci, Claudia Coppola (USI)	Methodological challenges in annotating pragmatic phenomena: counterargumentation and implicit meanings	
12.45-13.45	Lunch break		USI Mensa
	Linguistic corpora Switzerland and where they are hosted: case studies		
13.45-14.15	Mathieu Avanzi (UNINE)	Sharing spoken French in Switzerland: infrastructures, challenges and perspectives from the OFROM and Dis-voir projects	SI003
14.15-14.45	Eric Haeberli (UNIGE)	WilKo - A parsed corpus of spoken Swiss German of the town of Wil	
14.45-15.15	Johanna Miecznikowski, Elena Battaglia (USI)	Sharing a corpus of spoken Italian via a repository: TIGR on LaRS @ SWISSUbase	
15.15-15.45	Coffee break		
	Interoperability		
15.45-16.15	Cristina Grisot (CLARIN-CH)	Interoperable metadata : making Swiss language resources findable at the European level	SI003
16.15-16.45	Noah Bubenhofer, Teodora Vukovic, Johanna Miecznikowski, Jeremy Zehr, Ivan Pavic (UZH, USI)	Making LCP-Videoscope fit for conversational video data: platform development and conversion pipelines	
16.45-17.15	Julia Krasselt, Jeremy Zehr (ZHAW, UZH)	One Query to search them all: Developing a Federated Content Search for linguistic corpora in Switzerland	
17.15-17.30	Workshop closure		

Organisation:

"Moving towards a national FAIR-compliant ecosystem of Federated Infrastructure for Language Data" (FAIR-FI-LD), a collaboration between the University of Zurich, Università della Svizzera italiana, Zurich University of Applied Sciences, and CLARIN-CH, funded by a swissuniversities ORD grant.

Contact:

Johanna Miecznikowski, miecznij@usi.ch; Elena Battaglia, elena.battaglia@usi.ch

Registration: Please register by June 9th, 2025, using the following form:
